PACIFIC EDUCATORS INSURANCE

Most School Districts do not provide medical, accident or dental insurance for pupils injured on school premises or through school activities. To help you provide coverage for your child, many districts are making available a low cost medical/dental accident insurance program. The purpose of this plan is to provide assistance at a minimum cost to meet some of the expenses for accidental injury. The plan does not provide unlimited coverage, but does offer substantial assistance in the event of injury.

There are two levels of benefits available. The "High Option" level of benefits is recommended if your child has no family coverage or if your private coverage has a high deductible. All plans are available on a "School Time" or "24-Hour" (all day, everyday) basis and can cost as little as \$11 (one time annual payment).
