

# ST. FRANCIS HIGH SCHOOL

---

## *Salesian College Preparatory*

### **LETTERMAN JACKETS**

St. Francis partners with **CaLogos** in Seaside for our letterman jackets. Their shop is located at 1424 Fremont Boulevard, Seaside, CA 93955, and they can be reached at (831) 747-1540. Their website is: <https://www.calogos.com>

Letterman jackets can be worn year-round at school, whether it's a dress uniform or a regular uniform day. A letterman jacket may be worn on Burgundy Dress uniform days with a school dress shirt. Uniform sweaters do not need to be worn with the letterman jacket and uniform dress shirt/tie.

### **GUIDELINES:**

- Letterman jackets must be purchased through the above-approved provider. It must be the burgundy and dark gray jacket only.
- The varsity "SF" block goes on the left chest.
- The student's name can go on the right chest in cursive or block lettering—no Old English fonts. The thread must be white. No nicknames unless directly connected to the student's legal or given name.
- The school-approved Shark mascot or official St. Francis Crest may be embroidered on the right chest or the back of the jacket.
- Students may include the year of participation, grade level, sport, and level of participation (i.e., JV, Varsity, etc.) on the right chest of the jacket. Text may be in either cursive or block lettering; no Old English fonts.
- All-League, CCS, and/or State Championship patches may be sewn on the right side or the back of the jacket.
- The last name of the student or "ST. FRANCIS" may be embroidered in all caps on the back of the jacket. Block lettering only. No cursive or Old English style lettering.
- Students may choose to add one official flag—either the American flag or a recognized official flag of their heritage or nationality. Only one official flag is permitted. The flag must be placed on the back of the jacket, centered below the collar and above the student's last

name or school name.

- On the left sleeve, the year of graduation may be added. Abbreviations for sports may be added with embroidered patches for each varsity sport participated in during the student's high school career (i.e. "2016" or "16"; below that an "FB" for football; "SCR" for soccer; and "TF" for track and field if your student-athlete lettered in 3 sports). If the student-athlete participates in a sport such as swimming, track, or wrestling, the events may be added below that sport.
- On the right sleeve, a "Scholar Athlete" patch may be embroidered along with the uniform numbers issued for each varsity sport.
- Medals may be worn on the right side of the jacket. Only medals won during a school-approved competition may be displayed on the letterman jacket.
- As students letter a second, third, or fourth time in a sport, the school will award a small sport logo for each successive year. These patches are sewn onto the block "SF" on the left chest. Student-athletes may opt to put the sport logo on for Year 2, and then a bar attached for each subsequent year.

The school reserves the right to prohibit a student from wearing the letterman jacket to any school function, on or off campus, if these guidelines are not met.
