

Bulldogs Wrap Up an Impressive Fall Athletics Season

Pasadena High School student-athletes capped off an outstanding Fall 2025 season filled with milestones and firsts.

The Girls Volleyball team made an incredible run to the second round of the CIF playoffs – their first postseason appearance in nearly nine years and first home playoff game in two decades. The Boys Water Polo team showed major growth, earning eight wins and marking Coach Robbie Robles' first career victory.

On the course and courts, Girls Golf and Girls Tennis both competed strongly throughout their seasons, showing steady improvement and team pride. In Cross Country, both the Boys and Girls teams qualified for CIF – with the Girls team making the postseason for the first time in school history.

The Football team battled through a thrilling Turkey Tussle and earned a CIF Division 10 playoff berth, ultimately concluding their season in the first round. Their resilience, heart, and teamwork set the foundation for continued growth and future success.

A new highlight this fall was the debut of Pasadena's two E-Sports teams, both of which made the playoffs. Led by Jacob Archuleta and Reihan He, the squads earned their first coaching wins and quickly climbed into the top ranks statewide.

Congratulations to all our Fall athletes and coaches – Bulldog Pride is stronger than ever!
